Professional Presenters

Our DJs all have over ten years experience covering a wide variety of functions. They will arrive at the venue smartly dressed in dark trousers, shoes and a company logo black top. After they have set up the equipment they will change into either a dinner suit or shirt and tie depending on your instructions.

They will work with you and help in any way possible to make sure the evening runs smoothly and is a great success.

The Music YOU want to hear

With every Discotheque booking we offer you the opportunity to tell us exactly what you do and don't want played.

We understand that all clients have their own idea of what will be right for their celebration and with this in mind we issue a music questionnaire with all confirmed bookings so that you can detail the type / styles of music you would like. You can even list specific tracks to be played.

All of our presenters carry a very wide selection of music to appeal to all tastes and ages.

Total Support

From the moment you contact our office we will guide you through and simplify all aspects of booking your entertainment. All bookings are confirmed in writing and you will only be asked to pay a small deposit to secure your entertainment. If any changes need to be made to timings or other aspects of the booking we will be on hand to implement these at any time.

We have a 100% reliability record and with over twenty-five professional DJs working with us we always have spare capacity in case of any unforeseen circumstances.

We look forward to helping make your celebration a night to remember!

We offer the following range of discotheques to suit every venue and budget.

Small Discotheques

These shows are ideal for smaller functions and parties. They only take up a small area and use flexible equipment to make the most of the space provided. The quality sound and lighting equipment is more than adequate to entertain up to 80 guests.

Medium Discotheques

This is our most popular show. Using overhead lighting that projects movement and colour onto the walls and ceiling as well as down onto the dance floor without blinding your guests! With a quality sound system, these shows will impress your guests and give you a great atmosphere to help make your event special. We recommend this show for functions entertaining between 80 and 150 guests.

Large Disco Roadshows

The sky's the limit!
Big enough to fill even the largest of venues with colour and movement, this is the ultimate in mobile discos. With a large quality sound system and a cross bar lighting rig of over 6 metres it looks and sounds absolutely fantastic.
It utilises the latest "Intelligent effects" (scanners) as well as colourful flood lighting cans and other projection units creating a fabulous effect. This show is popular for corporate events and large weddings and will give you a great night's entertainment.

Subject to availability you can add any of the following items at a small additional charge to enhance your evening.
