He can combine this with vocals making him ideal for a lounge or restaurant. Terry plays piano pieces in a cocktail style, light classical favourites from the great composers, swinging standards with a jazzy flavour, tuneful hits from the forties to the noughties and show tunes from popular West End musicals. He also works with a female vocalist as a good function all-round duo.

KEN

Ken's bread and butter was earned in the 70's and 80's, touring with the Herb Miller & Andy Ross Orchestras – not forgetting the TV variety bands of that era – when the shows went out live! London's West End theatres provided great experience opportunities too. Ken was keyboard-player in the top shows including Bubbling Brown Sugar, Evita, Barnum, Some Like it Hot and 42nd Street. All first class entertainers need a pianist/conductor to hold the show together and Ken has spent much of the last twenty years on-stage as musical director for Frankie Vaughan, Roy Castle, Vera Lynn (Ken still enthuses over the VE 50th celebrations at Buck House!) and Vince Hill. All this has taken him as far afield as South Africa, United states and Japan and regularly into Europe. As more bands and performers now take to the high seas, Ken finds himself cruising more often. Queen Elizabeth 2, Arcadia, Oriana and Caronia are regular trips and he's proud of his annual invitation on the QE2 World Cruise performing with Vince Hill.

Ken is equally at home in the jazz music world. He's currently scoring the music for his third CD album. With his wealth of show-biz experience, Ken is first choice for your event as cocktail pianist or with his dinner jazz trio or as band-leader to kick the dancing along.

JONATHAN has played the piano with George Melly and John Chilton's Feetwarmers since 1992. He has a wealth of experience in the Jazz world, performing at many festivals including Los Angeles, Nice, Edinburgh and Hong Kong.

Jonathan also enjoys playing in the more intimate settings and has a vast repertoire ranging from ragtime and swing through jazz standards, Latin American and songs from the shows.
