

## Wedding Ceremony Music

### Civil Ceremonies

#### Recorded Music

Manned by one of our professional DJs who will arrive at the venue and firstly liaise with the wedding organiser regarding the timings and arrangements. He will then set up a small discreet sound system and play background music as your guests are seated. During the ceremony, he will play your previously selected non-religious tracks, and afterwards music can be played as your guests vacate the room.

#### Live Music

Our musicians have played at thousands of Weddings and have a unique understanding of Wedding Ceremony music. Live music is very popular for wedding ceremonies and adds atmosphere and elegance to the occasion.

We provide many different types of live music ensembles for your ceremony including:

Harpists  
String Quartets  
Harp & Flute Duos  
Classical Guitarists  
Pianists  
Saxophonists

After playing background music whilst guests are seated, music will be played for the Processional (walking down the aisle), The Signing of the Register, and the Recessional (walking up the aisle). They will also play during the postlude (as the guests leave). The musicians will begin playing 30 mins before the Ceremony and continue playing until all guests have vacated the room. You also have the option of using the musicians to play during your reception drinks and / or your wedding breakfast as long as the total time in attendance does not exceed four hours.

### Church Services

#### Choir and Singers for Wedding Ceremonies

Many of our churches and chapels no longer have a regular choir. We have an accomplished adult choir, available to assist at Christenings, Weddings and Marriage Blessings who can enhance the splendor of a wedding with hymns in full harmony and special music during the signing of the register. The number of singers can be chosen to suit the occasion and venue. For example, a choir of twelve, sixteen or more voices will add splendor to a Parish Church Wedding, whereas a simple quartet might be quite adequate for a civil ceremony.

With a pool of over 50 experienced choral singers, our Choirs can provide any size line up from a simple quartet to a full choir of 16 or more. Also available are soloists and organ or piano accompanists.
